Kim,

Please see attached the updated version of SR01583SE to correct the typo.  
I have reviewed it and think its good.  
Please issue ECN and updated electronic and paper copies everywhere.

Paperwork for kits in stock and in production should be updated.

Even though the previous original got lost in shipping, the FAA appears to be OK with it.

I would anticipate that you would get the updated original shortly.

Thanks,  
David
